

E-Prescription and EPCS

2429 Military Road, Suite 300
Niagara Falls, NY 14304
sales@bizmaticsinc.com
<https://prognosis.com/e-prescription>

Prognosis EHR partnered with SureScripts makes e-Prescribing easier than ever. E-Prescribing Technology improves Prescription Accuracy, Minimizes Lost or Stolen Prescriptions, and Saves Time.

Advanced E-Prescribing Technology, enables us to:

- Send prescriptions directly to the pharmacy
- Receive refill requests directly from the pharmacy
- Safely, Electronically Prescribe Controlled Substances
- Pull Medication History for up to 2 years
- Check Real-Time Prescription benefits
- Send Prior Prescription Authorization Requests
- Participate in PMP (Prescription Monitoring Program)

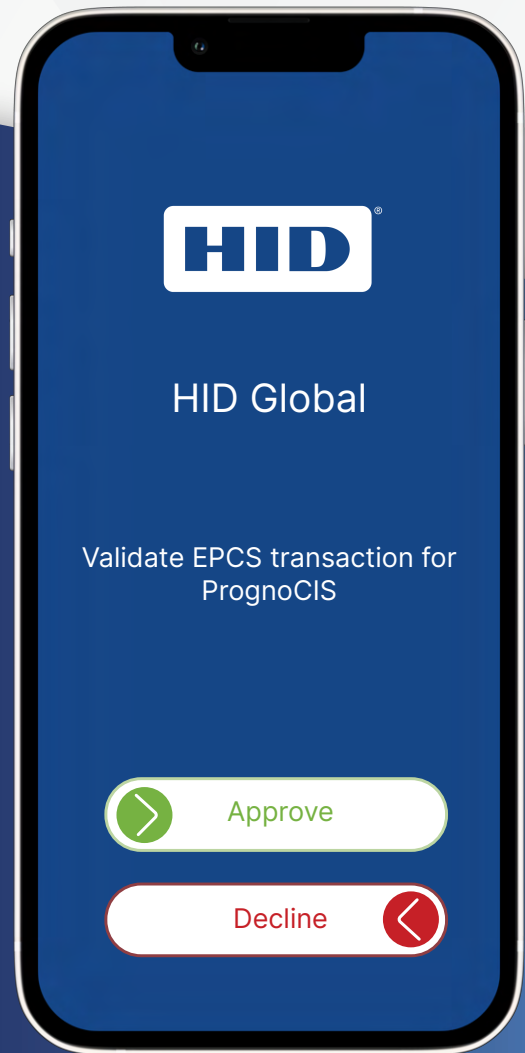

Medication History

Medication history verification from the PBM and Pharmacy can import the patient's medication list for up to 2 years from the PBM (Patient Benefit Master) or the patient's preferred pharmacy.
